

# DEDICATED BUS LANES

Nearly half of the route has bus-only lanes, which are beneficial to maintain the on-time arrival of more frequent bus service. The study team is looking for comments on the potential extension of the dedicated bus lane on Bluemound Road from Underwood Creek Parkway to I-41 in Milwaukee County, where an existing wide shoulder and underutilized on-street parking could be converted to a dedicated bus lane.

# EXISTING AND POTENTIAL EXTENSION OF DEDICATED BUS LANES
